### SCENARIO-BASED LEARNING, INTERACTIVE TOOLS, FOLLOW-UP GUIDANCE

**Leading Teams with Emotional Intelligence** helps your managers improve business results by gaining the ability to recognize and regulate their teams' emotions. The situation-based practice serves up immediate consequences for decisions and shows your managers how to create an environment of true collaboration and cooperation. Your managers will gain powerful insights into people and how to make team members work genuinely well together and fulfill their highest potential.

The course provides firsthand experiences in a safe environment and gives managers the opportunity to use interactive tools and apply follow-up action plans. *Leading Teams with Emotional Intelligence* will enable your managers to:

- o **Recognize**, regulate, and improve the emotional dimensions of team behavior.
- o **Gain** more influence as a team leader and more effectively solve problems with a team.
- o **Understand** and appreciate the impact of a leader's emotional intelligence on workplace climate.
- o **Establish** group norms to build a foundation for team collaboration that in turn drives high performance.
- o **Manage** emotional relationships with other groups for improved productivity.
- o **Understand** the key components of emotional intelligence that leaders need to be successful: self-awareness, self-management, social awareness, and relationship management.

All course activities are short and modular, with no portion taking more than twenty minutes. The entire program requires two to three hours to complete.
